

Validation Templates

Expanding Your Operation
Toward Audit *Compliance*
with *Merit Solutions*

Overview

For Microsoft Dynamics™ GP users who are required to operate in accordance with the Food and Drug Administration (FDA) cGMPs, Sarbanes-Oxley Act, Validation Templates provide predefined tests and documentation for Dynamics GP system flows which support common standard operating procedures.

Features You Need

Save Time

- Use prewritten templates for creating and executing validation tests in accordance with your SOPs, while extending the templates and tests to meet your company specific Installation Qualification (IQ), Operational Qualification (OQ) and Production Qualification (PQ).

Speed your Change Processes

- Standardized test templates and processes support changes to SOPs when changes to business processes are warranted.

Reduce operating costs

- Validation Templates are updated with new releases of Dynamics GP, enabling fast and cost effective adoption of new system releases in accordance with cGMP and Sarbanes-Oxley requirements.

Validation Templates provide predefined tests and documentation used to validate Microsoft Dynamics GP and Merit Solutions software systems for your environment.
